the Faroe Islands
Unspoiled, Unexplored, Unbelievable

Faroe Islands.

The green energy destination

Technical visit

Visit the no. 1 Nordic green energy destination for your next technical tour. The unbelievable, velvety green grass, the rain and the fresh winds of the Faroe Islands ooze of ecology. And the Faroese electricity company, SEV, did actually win the Nature and Environment Prize from the Nordic Council in 2015. What an achievement. And a reason to go!

Get an introduction to the ambitious strategy for green energy for 2030 for the Faroe Islands. Also see the ongoing, exciting research projects in storage of wind power.

Included:

- 2 nights in 4-star Hotel Hafnia
- Visit the old cultural center Kirkjubøur
- Bus tour and Green Energy visit at SEV
- Boat tour with old schooner Norðlýsið
- Half conference day at 5-star Nordic House
- Meetovation trained coordinator
- Dinner at Hotel Hafnia, Panoramic view

DAY 1

Arrival and guided transfer to hotel with stop along the route at the wind farm in Húsahaga which was a breakthrough in green energy in the Faroe Islands, when it started in 2014. In the evening visit the old cultural center Kirkjubøur where dinner will be served.

DAY 2

The Green Energy tour is an all day event, spent with the capable staff at the Faroe Islands electricity company. We will get an insight into the history, how the electrical situation is at the moment and the challenging targets for future green energy. The guided bus tour includes visits to different plants and stops at viewpoints along the route. Back in Tórshavn the group will go with the old schooner Norðlýsið for a 2 hours event. In the evening dinner with panoramic views at 4-star downtown Hotel Hafnia.

DAY 3

Morning meeting in the 5-star Nordic House. Greengate and Nordic House staff is trained in meetovation and will be able to implement the Green Energy theme in the meeting event and provide the best meeting design. In the afternoon transfer to the airport.

Greengate is one of the Faroe Islands leading DMCs in the conference, meetings and incentive market. The company is managed by a team of well educated professionals with years of experience in the industry.
